

## *A Message from us...*

*During the whole month of September, Thai Silk at The O2 will close on every Monday due to our staff training programme. This training is set up to ensure that our service quality will be as high standard as our quality on food. Thai Silk at The O2 will operate regular hours on Tuesday to Sunday from 12 noon-11pm.*

*On the Southwark side, we have refurbished our outdoor facilities, for our valued customers to enjoy sitting outside before the warm weather blows away. The comfortable tables and chairs and the surrounding plants will create a great atmosphere outside on our terrace, which will provide protection from the elements.*

*On the days when sitting outside is a little cold, we can provide heating and lighting for customers who love to sit outdoors. As our heating and lights are fully operated. This is to ensure that you will have a cosy, memorable evening with us every time you come to Thai Silk.*

*Thai Silk Team*
